

AROS ART MUSEUM

AROS FOOD HALL, AROS ART MUSEUM, AARHUS, DENMARK.

[Aros Food Hall](#) is part of the Aros Art Museum in Aarhus. Their menu reflects the modern Nordic style, focusing on simplicity, quality, and aesthetics—an approach that is also reflected in the choice of lighting. The ultra-simple [SCAN pendant](#) with its curved shade is suspended like a starry sky across the room. The combination of this lightweight, minimalist luminaire and the airy, light curtains creates a bright and honest atmosphere, perfectly aligning with the venue's food concept.
